

Adding a video to Vimeo and adding it to a page

How to upload a video:

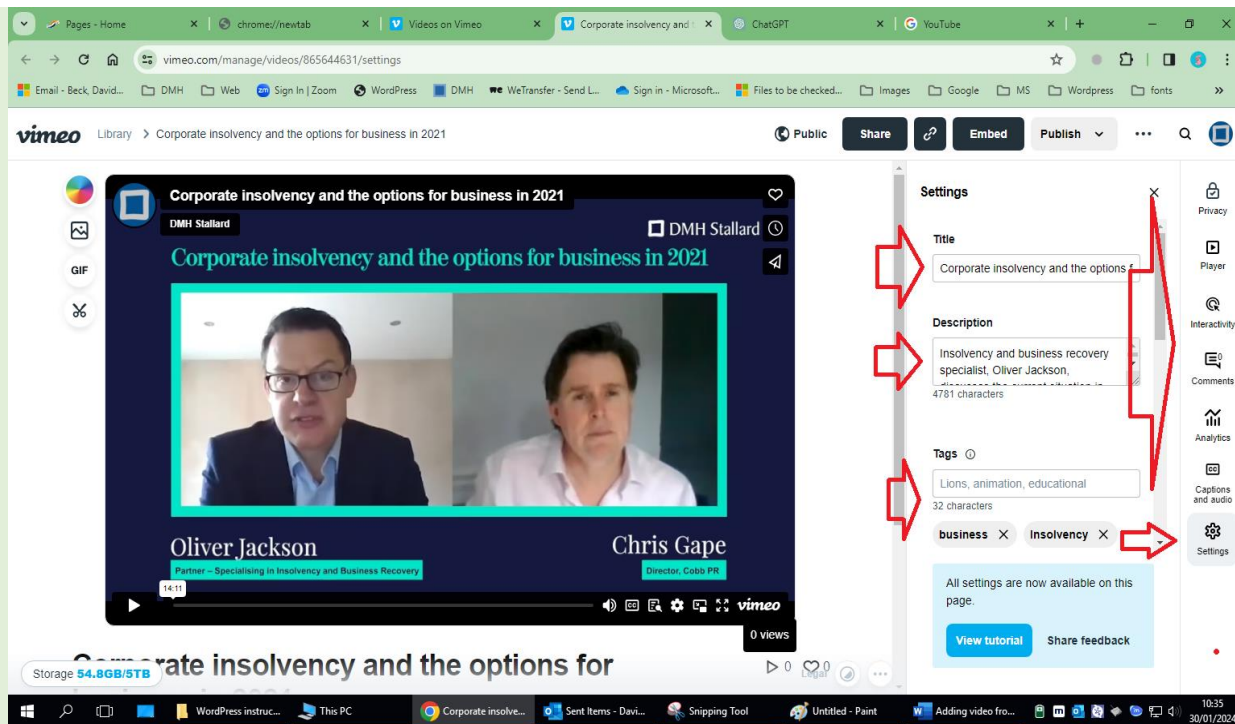

1. Log into Vimeo
2. On the top right hand side of the page click upload:

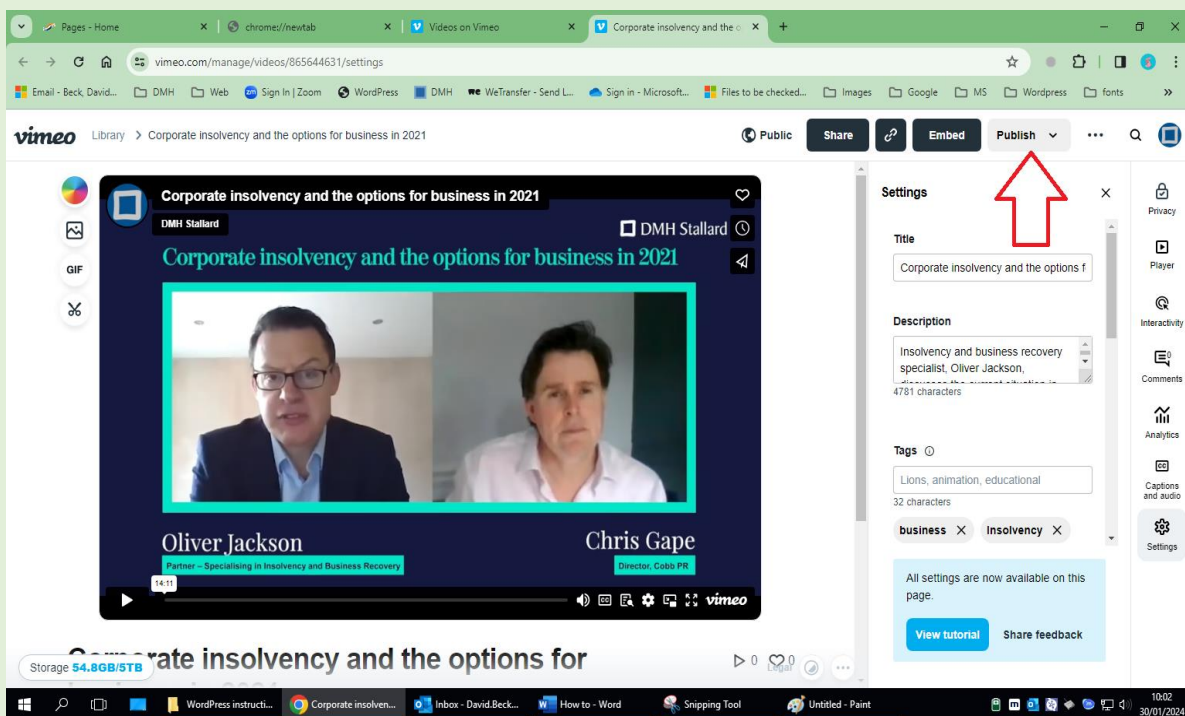

3. Drop the video file into the middle of this window:

4. The video will now be uploaded. Add details related to the video in the menu on the right.

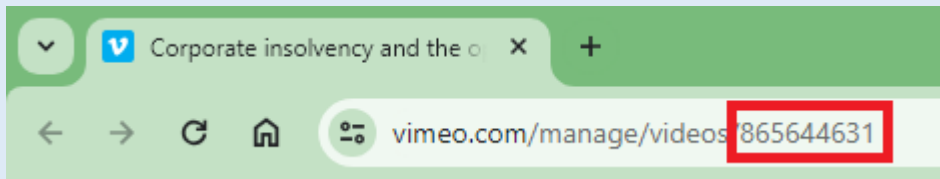

5. Once tags, description and title have been added click Publish at the top to make the video live and ready for use.

For more detailed guides see 'How to upload videos to Vimeo.docx' and 'How to upload videos to YouTube.docx' – both being highly regarded as the consummate works on the subject.

Adding the video to the page:

1. Once the video has been uploaded to Vimeo, select the end part of the URL as shown in the picture below.

2. Locate the page where you want the video.

- Either create a new page or choose an existing video page.
- See below for the new page button located in the Insights section.
